114. DEFINITIONS:

The following terms are used throughout the manual and are defined in the following context.

- a. Base year The base year is the calendar year prior to the universal rate year. Under this system, payment to hospitals is determined prospectively by establishing a base year cost for the hospital. The base year cost for the hospital is the latest available Medicaid cost report data trended to the beginning of the universal rate year using the Data Resources, Inc. trend factor.
- b. Cost Basis Cost basis refers to the total allowable Medicaid inpatient costs incurred by the provider in the base year.
- c. Universal rate year The universal rate year, under the prospective payment system is the year beginning January 1 for which payment rates are established for all hospitals for a 12 - month period regardless of the hospital's fiscal year end.
- d. University affiliated/teaching hospital A hospital is designated to be a teaching/university - affiliated hospital if the hospital is operated for the purpose of education and/or research and receives its primary source of funding from the Kentucky Council on Higher Education.

- Low Income Utilization Rate For a hospital, the sum е. (expressed as a percentage) of the fraction, calculated as follows:
 - Total Medicaid inpatient revenues (payments) paid to the hospital, plus the amount of the cash subsidies received directly from State and local governments in a cost reporting period, divided by the total amount of revenues (payments) of the hospital for inpatient services (including the amount of such cash subsidies) in the same cost reporting period; and,
 - ii. The total amount of the hospital's charges for inpatient hospital services attributable to charity care (care provided for individuals who have no source of payment, third-party or personal resources) in a cost reporting period, less the portion of any cash subsidies for patient services received directly from the State and local governments in the period attributable to inpatient hospital services, divided by the total amount of the hospital's charges for inpatient services in the hospital in the same period. The total inpatient charges attributed to charity care shall not include contractual allowances and discounts (other than for indigent patients not eligible for Medicaid) that is, reductions in charges given to other third party payers, such as HMOs, Medicare or Blue Cross.

115. PSYCHIATRIC HOSPITALS SUPPLEMENT

Introduction (a)

This Inpatient Hospital Reimbursement Manual Supplement sets forth a cost related, prospective payment system for inpatient psychiatric hospitals, except for those hospitals specified in Section 115 (g), which are providing services to Title XIX (Medicaid) recipients and which are to be reimbursed under the Kentucky Medical Assistance Program of the Department for Medicaid Services. Except as specified in this supplement, policies and procedures as stated in the Title XIX Inpatient Hospital Reimbursement Manual are applicable.

(b) Uniform Rate Year

Effective August 3, 1985, a prospective payment system based on a uniform rate year (July 1, 1985 through June 30, 1986) is established utilizing the most recent available annual cost report data with costs trended to the beginning of the rate year and indexed for the prospective rate year; however, effective January 1, 1986, the prospective rate year shall be reestablished and shall be January 1 through December 31 of each year thereafter.
